EAN: 8052049054812

Designed by Stefano Giovannoni in the looking of an original Teddy Bear, Teddy Boy is a table lamp that winks to the traditional toy with an irreverent attitude mixing teddy bear's traits with "almost human" features. It features a special metal coating that enriches the surface without interfering with the light. Irreverent and glam, it's the next item in every design addicted's wishlist.
