

FLOAT BOOKSHELF

by AURÉLIEN BARBRY STUDIO

Float is a shelving system combined in a minimal and functional form with a Scandinavian expression. The smoked glass shelves and the cabinets are laid on a light solid wood structure and metal feet that gives the illusion of floating slightly. It offers a range of combinations, with or without cabinets, that allows you to use it as a single bookcase or as a sequence of modules to form a larger bookshelf or a free-standing room divider.
