

Magneto

Product Features

Product Type

Wall or Desk
Lamp

Environment

Interior

Stylishly illuminate your space with The Magneto Lamp, made of eco-friendly cork. This lamp provides a valuable source of light, which will make an impressive statement, placed on a table or hanged on a wall. Its defining characteristic relies on the two magnets and the metal piece that goes along, making it possible to be magnetised to any metal surface, creating never-ending possibilities. Adding character to the design, the details of The Magneto Lamp include a black and white textile cord and it can come with or without the Edison light bulb.
