**The Nove Nightstand has the same sleek lines you recognise from the Ím-par collection. Fusing a classic design with a Scandinavian inspiration, this nightstand is characterized by clean lines and natural materials. The powder-coated steel legs are available in five different colours and deliver an industrial feel that is softened by the function and beauty of the capacious wood open shelf. A nice fit in a modern home that can be used as a display for books, vases or a lamp.**
