

## INDOOR COLLECTION | Tulsi

---

| Weaving: handknotted

| Yarn: 30% bleached hemp, 30% tibetan wool and 40% bamboo silk

| Border: hand hemming

| Weight/ mq: 3,6 kg

| Spessore: 10 mm

| Applications: light contract / residential use

| Dimensions: standard 280x250 / 200x300  
custom size on request

| Product care: Vacuum regularly. Sweep the carpet surface with a soft broom or vacuum clean it in the direction of the pile. Blot stains immediately, possibly with very little water, dry instantly with white absorbing cloth and hair dryer.

If, after the above treatments, you're not able to remove the stains, or if the rug is placed in heavy traffic public areas, we recommend the service of a professional cleaner. Hemp is not an elastic yarn and will flatten after some time. Bamboo silk shreds during the first few weeks. This is considered to be a normal process.
