## **parthenon** *dining table*

### **my story...**

The austerity and monumentality of the PARTHENON contributed to the inspiration of the creation of this exuberant dining table. Thus, NAUU traces the path to the freedom of creating striking and extravagant pieces.

The PARTHENON dining table is a highly sophisticated piece inspired by the history of this majestic Greek monument through the use of a Greek bordering hand-plated with gold leaf and finished in high gloss varnish.

Its noble design features simple lines with gold leaf finished with high-gloss lacquer, as well as a central Ironwood top that reflects the best elements of your dining room, adding a touch of elegance and refinement.
