

LAMP SHAPER

RHYTHM (Desk Lamp)

Rhythm series is a very unique and playful experiment. Rhythm is suggested to movement or action and rhythm is usually achieved through repetition of lines, shapes, colors and more. We have used all things of this series and it creates a visual beautiful form that looks like sculpture and provides a path for the viewer's eye to follow. Rhythm is naturally of one, two, three and four linear arms that join into a vertical slender body and long arm can possibly rotate up to 360 degrees and other arms can rotate up to 350 degrees.
